Think About Your Utility Bills...

*"Sometimes one pays
the most for the things
one gets for nothing!"*

-Albert Einstein

The Sun's Solar Thermal Heating is **FREE!**

How Does Solar Thermal Heating Pay Off For You?

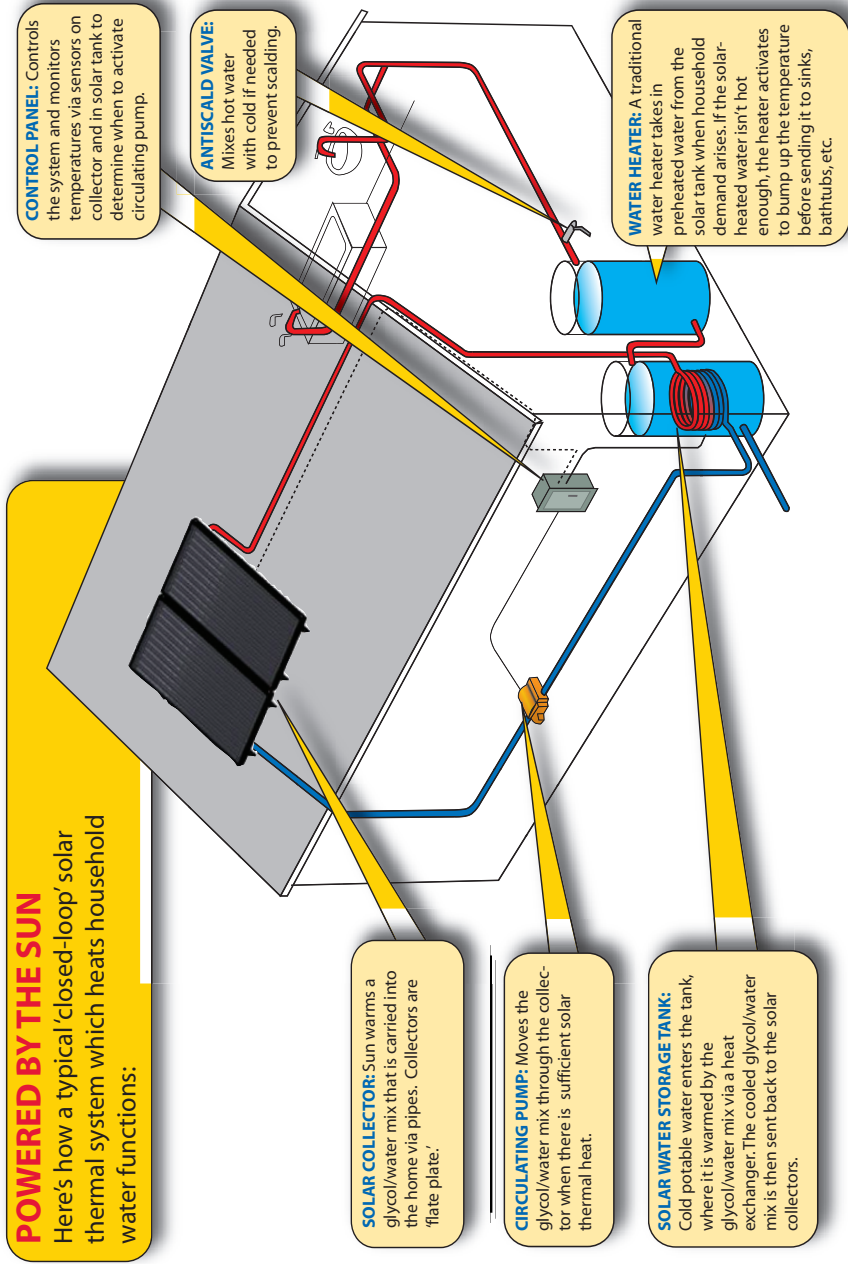

- Provides family income savings
- Saves you money by cutting your electric, gas or propane use
- Provides energy savings in your home and community
- Provides 50 to 75% of your home hot water needs
- Provides radiant heating for your home or business
- Diminishes CO² gasses that pollute our air
- Adds value to the resale of your home or business

Incentives and Rebates Available for Solar Thermal

- ④ **Federal Tax Incentive**
- ④ **State Rebate and Incentive**
- ④ **Utility Rebate and Incentive**
- ④ **Local City or Municipality**

POWERED BY THE SUN

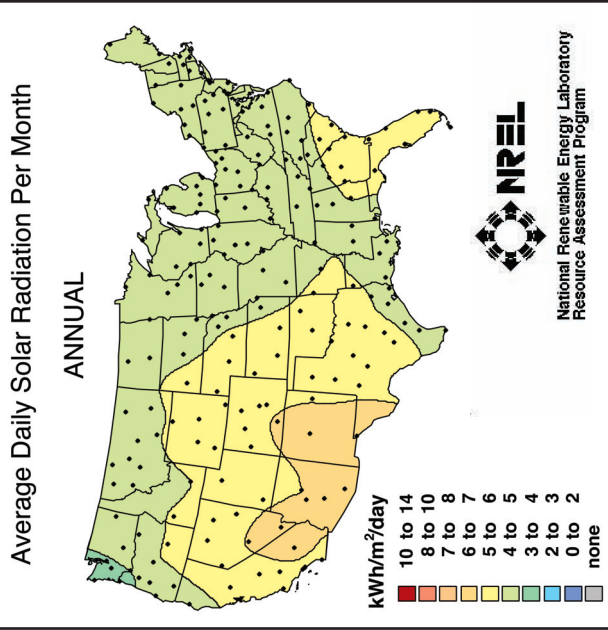

Here's how a typical 'closed-loop' solar thermal system which heats household water functions:

**Solar Thermal Collectors Work
Everywhere In America!**
